

# Solle FasTract™

## Colon Activator

Life can have a way of slowing you down. When that happens, you may need to get on the FasTract™. Solle FasTract™ is a unique, encapsulated herbal formula designed to keep things moving through the intestinal tract.

Lifestyle and diet choices can often lead to a sluggish bowel. FasTract™ is a colon activator that will stimulate peristalsis, but it is also a blend of soothing ingredients like aloe vera so it works gently and won't cramp your style. FasTract™ combines cascara sagrada with Solle's Multiphyllin™ prime chlorophyll blend, two types of aloe vera (whole leaf and inner leaf) and the revered adaptogen, holy basil.

Consistent with Solle's mind body philosophy, this one-of-a-kind plant-sourced product promotes lower bowel health while it elevates your mood.

## Ingredients

**Cascara Sagrada** is used as a laxative to help stimulate the mucosal lining of the colon, producing an active secretion of electrolytes and water. Cascara Sagrada bark powder and concentrated extract are both used to help achieve optimal benefits.

**Holy Basil** whole herb extract is one of the most highly esteemed adaptogenic herbs which supports kidney health and healthy blood sugar levels, but also has pronounced neuro-protective benefits and is used to support mood, memory and conditions of inflammation.

**Aloe Vera Gel (Inner Leaf)** is used as a highly concentrated extract to help soothe and build the intestinal tract, especially during cleansing.

**Aloe Vera (Whole Leaf)** powder is packed with vitamins, minerals and other biologically active compounds, including amino acids and enzymes, to help cleanse and nourish the intestinal system.

**Multiphyllin® Prime Chlorophyll Blend** combines the unique plant chlorophyll benefits from Alfalfa, Mulberry, Nettle, and Spinach in a rejuvenating formulation. Though knowledge of the many benefits of chlorophyll dates back many decades, recent studies have brought new attention to the nearly-unmatched array of health benefits this super plant pigment contains.

## The Solle Difference

These uniquely blended whole herb powders and highly concentrated extracts help cleanse the lower bowel and build the intestinal tract, while providing neuro-protective benefits to support both body and mind health.

## 5 Key benefits for FasTract®

**Laxative:** helps stimulate the mucosal lining of the colon

**Cleansing:** activates the colon to help reduce transit time

**Intestinal Support:** helps soothe and build the intestinal system

**Adaptogen:** neuro-protective benefits supporting mood, memory and conditions of inflammation.

**Prime Chlorophyll Blend:** helps detoxify, alkalize and create a feeling of well-being

**Notice:** this product contains Cascara Sagrada bark. Read and follow directions carefully. Consult your health care professional if you have frequent diarrhea, or if you are pregnant, nursing, take medication, or have a medical condition. Not for long-term use.

## Product Use

Take 2-3 capsules daily as part of a cleansing program.

Take 1-2 capsules daily for maintenance, or as needed.

Drink plenty of water throughout the day while taking this product.

## Complementary Product

Take in conjunction with GoodFibrations®, AmiTox DC™ and Solle Vital® as part of a complete cleansing program.
