

Solle[®] Vital[®]

Body and Mind Balancing Formula

Solle Vital™ is a premium plant blend consisting of 3 balanced, proprietary ingredient groups. Formulated to protect, enliven and energize the body and to strengthen and support a balanced mood, this foundational product strengthens a variety of health functions. Solle Vital is sugar-free and has herbal ingredients that represent an “inside-to-outside” health approach by supporting healthy circulation, digestion, respiration and immunity. Like “core strength” exercise programs (such as yoga, swimming, and pilates), which steadily improve health and fortify against injury and sickness, Solle Vital is a core, daily herbal blend which enhances all body systems and fortifies against assaults on your health, including mood stresses that are part of daily activity.

Ingredients – 3 Powerful Blends

Multiphyllin™ Prime Chlorophyll Blend

Combines the unique plant chlorophyll benefits from Alfalfa, Mulberry, Nettle, and Spinach in a rejuvenating formulation. A minimum of 100 mg of sodium copper chlorophyllin is guaranteed in each serving.

Though knowledge of the many benefits of chlorophyll dates back many decades, recent studies have brought new attention to the nearly-unmatched array of health benefits this super plant pigment contains.

SativaMin™ Plant Trace Minerals

Our unique plant trace mineral blend combines Avena Sativa, Nettle, Dandelion and Burdock. These high-mineral-content herbs also support healthy circulation (burdock & dandelion), respiration (nettle) and nerve health (avena sativa).

AdaptAble™ Balanced Adaptogen Blend

Our proprietary adaptogen blend features Eleuthero, Schizandra, Astragalus, Jioagulan, Ashwaganda and Rhodiola extracts for balanced energy and mood. Formulated to support your body's natural mechanisms that enable a healthy stress response and sustained energy, this plant-blend is perfect for daily use.

The Solle Difference

This formula contains plant-sourced ingredients for superior assimilation and maximum bio-activity. In addition, several key factors set this formula apart from other core products:

- We utilize chlorophyll from multiple plants for a broader nutritional signature.
- We select key core-health ingredients both for specific health issues and for appropriate mood support.
- We balance each ingredient group for our specific, targeted mind-body focus. Solle Vital[®] is formulated for balanced and sustained mood and energy.

5 key benefits for Solle Vital[®]

Detoxing: Chlorophyll is great at helping the body eliminate toxins

Alkalizing: The plants included in Solle Vital are very alkalizing, which promotes a feeling of well-being.

Recovery: Restores minerals and helps to oxygenate blood.

Balancing: Helps the body to balance and elevate your mood and to have a healthy stress response.

Energy: Adaptogens help the body maintain energy levels throughout the day.

Product Use

Take one packet in 16 – 20 oz. of cool water. Also delicious as a hot herbal tea.

Generally recommended for morning and afternoon use before 4 pm. Two packets a day may be taken as part of a targeted health program.

Complementary Product

Try adding SolleMegas™ premium plant-based omega formula. A mood clarifying formula, SolleMegas™ gel-caps are a great source of Omegas 3, 6, 7, and 9. They provide both omega EPA and DHA, with key ingredients supporting mental clarity and consistency.
